A Cure For Your Rose Replacement Blues?

- 1—For non-patented varieties, buy L-A and F-A heavy cases. Ask your customers to return the variety tags from any lost plants. Include these with first order next fall for economical simultaneous delivery of free replacement rosebushes of same or equal variety or value. There is no replacement offer on other packs of these varieties. If tag is misplaced we accept customers' reports without question.
- 2—For patented roses, 10% to your order may be added for this insurance, with either bareroot or packaged stock.
- 3—Your own stock will be in reasonable amount for the usually safe sale period of 2 or 3 weeks, or refrigeration provided for extended storage.
